

# About Us

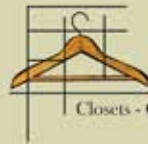

Custom Closet Solutions is a family-owned business, located in Fishers, Indiana. We serve Indianapolis and the surrounding areas.

We create beautiful custom organizing systems and solutions which will maximize the storage space in your home and office. Our focus is on Closets, Pantries, Laundry Rooms, Home Offices, Garages and Basements. We offer high quality melamine closet systems, with a wide range of beautiful options, finishes, and accessories.

We know our business! Jeff is an Engineer and Custom Furniture Craftsman and Maureen is an Interior Designer and Sales Professional. The 20 years of experience in their fields ensures that your organizing systems will be designed and built for your specific storage needs, measured precisely, designed beautifully, and installed with expertise!

As a small family-owned business, we are completely involved from our first contact with a client right through the installation of the product and after. We stand behind our product, design and installation, and won't rest until you are completely thrilled with your new storage solution! Our friends are our clients and our clients become our friends! We are building our business on referrals.
