# FITNESS ONE

## WHAT OUR CLIENTS ARE SAYING

For over a decade, Fitness One has been providing friendly, personal attention to our clients, helping them care for their machines allowing them to stay active and healthy. Fitness One sells and services all brands of fitness equipment including ICON, Horizon, Matrix, TRUE, Spirit, Precor and Smooth, just to name a few. We are here to help you reach all of your fitness goals.

Since being in business Fitness One has obtained many loyal customers and is the fitness company of one of Indianapolis' professional sporting teams.

Excellent customer service is what the company prides itself on and this is backed up by our superior rating on Angie's list. All of our technicians are extensively and continuously trained, covered under liability insurance and provided with official Fitness One company vehicles.

"I love to work with owner/operators who take pride in their profession. Paul Comstock and his company, Fitness One, is exactly that. They provide a great value, and at the same time, they are responsive, reliable, honest, and knowledgeable. I worked with Fitness One on my Irvington Gym for my Irvington properties, purchasing a good combination of new and used commercial equipment; the installation was professional and, when I asked for a few changes afterwards, there was no hesitation to do whatever it would take to make me happy... I look forward to working with Fitness One on many developments to come."

- Christopher Piazza, President of Reverie Estates & Whistler Piazza Developers

"They were very friendly and knowledgeable."

- James G., Indianapolis

"Exceptional service! They called back on the same day as I reported the problems with my treadmill. Paul was on time (I was late and he was patient), very knowledgeable in this type of service. Had a great experience and will definitely call again and recommend to anyone!"

- Gus L., Carmel

"I give Paul an 'A' in all categories. He has done routine maintenance on our treadmill several times. He is knowledgeable and mentions things you may want to keep an eye on without pressuring you into fixing it. His service takes close to an hour and he is very thorough. I will call him again."

- Laura S., Indianapolis
